

Clinical, Counselling and Registered Psychologists

Psychological Health Care invites applications from skilled and motivated Clinical, Counselling, and Registered Psychologists to join us. We have been established for over 29 years and are a busy and friendly private practice, located in Dianella.

Your role will be to provide psychological assessment and therapy to a diverse caseload from our varied range of clients, on an individual basis. You must have current clinical knowledge, excellent communication skills, good timekeeping, the ability to work autonomously, be eligible for Medicare Rebates, and have (or be willing to register for) an ABN for this Contractor position. We strongly encourage those who have an interest in working with children to apply, especially those who have a background in working with ASD assessment and therapy (adults and children).

We give you some freedom in choosing your "types" of clients in order to practice in your area of Special Interest. We offer excellent remuneration, and full admin support from our efficient systems and experienced reception staff, who will always be here when you're seeing clients in our comfortable and inviting consulting rooms.

We are open 6 days a week - and most evenings - so we can accommodate our clients out of hour's needs, enabling you to enjoy a greater flexibility in when you'd like to be at work.

If you feel you would fit into our happy team of Clinicians/Support staff, please forward your C.V. via email. You can also contact me on the office number below to arrange a meeting.

Michelle Pomlett, Practice Manager - 0447 255 609 michellep@psychologicalhealthcare.com.au
or on 08 9275-9406.
