

Psychology Week 2017

12 - 18 NOVEMBER

This FREE seminar is brought to you by the APS College of Counselling Psychologists, APS Perth Branch and Association of Counselling Psychologists.

RAISING AWARENESS AND UNDERSTANDING OF THE IMPACT OF THE DIGITAL AGE ON OUR MENTAL HEALTH

Complex trauma, disordered eating and bullying are three areas in which social media and technology can exacerbate an already difficult problem or disorder.

Three Counselling Psychologists will share their knowledge and understanding of improving psychological health and therapeutic interventions in their

area of speciality by drawing on scientific research and the power of the therapeutic relationship to bring about meaningful change. This FREE seminar will provide an overview and suggestions to help you and your children manage the impact of technology and social media on our lives.
